

Leadership foundations - WBT

Buchungsnummer

ST0523-038

Diese Veranstaltung richtet sich an:

Anyone who is in or wants to grow into a leadership role | Anyone who wants to get to grips with the subject of leadership

You will learn what leadership is about, get an overview of the different facets of leadership, learn what differentiates leadership from management, and get to know about leadership orientations and their effects. This e-learning course will guide you in identifying your own leadership style, and discover in which ways you as a leader can have an impact on your employees. Moreover, the course deals with leadership values, purpose, and leadership culture as well as with the question how these points are interlinked.

Nutzen

All ADG's WBTs follow a user-friendly and practitioner-oriented didactical approach, combining the delivery of technical knowledge through motivating and small e-learning modules. This means:

- You will be provided with various interactive learning elements, such as scenarios, which will help you to apply what you have learnt and to transfer it to your daily working routines.
- You have the opportunity to enhance the knowledge you have gained through self-study in in-depth webinars.
- Learning content that is not delivered through plain text or video lectures but through quizzes and games, facilitating the acquisition of knowledge.
- Learning content that will be accessible at any time and serves as a reference point for your daily operations.
- Well-prepared and compact learning sessions smoothly to integrate throughout your day. That is, processing time of each e-learning module is no longer than 20 minutes and can be paused and continued at the participant's discretion.
- Contact persons who are available to you at all times for both technical and content-related questions.
- You will be provided with handouts that you can print or save on your device as a resource in your daily operations.
- Certificate of participation (on demand)
